DAY TRIP FROM SANTIAGO

CACHAGUA PENGUIN EXPERIENCE

Humboldt penguins from a local boat, a long lunch by the Pacific and a walk through coastal forest.

WHERE	FROM SANTIAGO	DURATION
Cachagua & Zapallar, Pacific coast	About 2.5 hours	Full day

THE EXPERIENCE

Cachagua Island is a protected natural monument and home to a colony of Humboldt penguins. You see them the right way — from a small local boat, at a respectful distance, with a guide who explains why the colony matters. Then the day slows down by the sea.

THE DAY

ISLAND. LUNCH. FOREST.

MORNING · LOCAL BOAT

PENGUIN ISLAND BY BOAT

Circle the island with a local skipper while your guide talks penguins, seabirds and conservation. Nobody lands — it's a reserve.

MIDDAY · BY THE BEACH

A LONG LUNCH BY THE PACIFIC

A local place by the beach, the kind where Chileans spend summer weekends: fresh seafood, empanadas, the ocean right there.

AFTERNOON · GUIDED WALK

PARQUE EL BOLDO

An easy walk through native coastal forest to lookouts over the Pacific, then a relaxed drive back to Santiago.
